Dr. G. S. Williams.	Dr. J. A. Crook.
I. B. Tigrett.	R. F. Spragins.

Faculty and Officers

1905-1906

College Department

PHILIP THOMAS HALE, D. D., LL.D.,

President.

*GEORGE MARTIN SAVAGE, A. M., LL.D.,

Professor of Philosophy, French and Hebrew.

HENRY CLAY IRBY, A. M., LL.D.,

Professor Emeritus of Mathematics.

CHARLES BELL BURKE,

(A. B., Vanderbilt ; A. M., Harvard ; Ph D., Cornell.)

Professor of English Language and Literature.

JOSEPH SOLON WILLIAMS,

(A. B., University of North Carolina ; University of Chicago, 1900-1903.)

Professor of Latin and Greek.

ALVIS LEMUEL RHOTON,

(A. M., Columbia University ; University of Chicago, 1902-1905.)

Professor of Mathematics.

HAROLD LESTER MADISON,

(A. B., A. M., Brown University.)

Professor of Natural Science.

WILLIAM M. STANCELL,

(A. B., Wake Forest College ; University of Nashville.)

Professor of German.

MISS LOUISE FORRESTER SAVAGE,

(A. M., S.W. B. University.)

Professor of Spanish.

*Off on leave of absence in Greece and Bible Lands for study. Classes will be provided for.

Faculty—Continued.

JERE L. CROOK, M. D.,

(A. M., S. W. B. University; M. D., Vanderbilt.)

Lecturer on Hygiene.

EATON KITTRIDGE McNEIL, M. D.,

(M. D., Columbian University)

Lecturer on Anatomy and Physiology.

FRANK W. HESS,

(Lt.-Colonel U. S. Army.)

Professor of Military Science and Tactics and Commandant.

Business Department

HENRY CLAY JAMESON, PRINCIPAL,

Book-keeping and Commercial Law.

CHARLES A. DERRYBERRY, PRINCIPAL,

Stenography and Typewriting.

Department of Expression and Physical Culture

MRS. ELIZABETH G. HOBSON,

Professor of Oratory.

Conservatory of Music

RUDOLF RICHTER,

(Kullak Conserv., Berlin.)

Director and Instructor of Piano.

(To be supplied)

Professor of Vocal Music and Voice Culture.

(To be supplied)

Stringed Instruments.

Art Department

MISS EMMA A. OWENS,

(St. Louis School of Fine Arts.)

Faculty—Continued.**University Academy**

PROFESSORS WILLIAMS, RHOTON AND STANCELL.

On the Course of Study :

PROFESSORS BURKE, IRBY AND WILLIAMS.

On Student Advisers :

DRS. HALE, IRBY AND SAVAGE.

On Publication :

PROFESSORS BURKE, STANCELL AND MADISON.

On Examinations :

PROFESSORS BURKE, WILLIAMS AND RHOTON.

On Athletics :

PROFESSORS HALE, WILLIAMS AND STANCELL.

Sketch of the Baptist Educational Movement in Tennessee.

In the year 1845, the Baptist General Assembly of Tennessee, feeling the need of an institution of learning of high order, resolved to establish and endow a college, known subsequently as Union University. The sum of \$50,000 was raised on what was known, at the time, as the scholarship plan; and, the entire State co-operating in this movement, the institution was called Union University, and located at Murfreesboro, the geographical center of the State. Rev. Dr. Joseph H. Eaton was made president, and held this position until his death, in 1859. During the late Civil war the building was greatly damaged, the library and apparatus destroyed, and the endowment wholly lost. After the war an effort was made to revive the institution, which for several years gave great encouragement to its friends; but the cholera, which prevailed in Murfreesboro to an alarming extent in 1873, as well as other causes, led to a suspension of all exercises in the institution, and induced the Baptists of Tennessee to make the location of a college for the denomination in the State an open question.

On the 10th day of April, 1874, a convention was called at Murfreesboro to consider the question of establishing, on a broad basis, a college of high order for the entire State, and the following brethren were appointed a locating committee: Matt Hillsman, D. D., chairman; G. W. Griffin, W. P. Bond, from West Tennessee; Wm. Shelton, D. D., Dr. W. P. Jones and E. L. Jordan, of Middle Tennessee; J. F. B. Mays, J. B. Kimbro and T. T. Eaton, of East Tennessee. The committee met at Nashville, July 2, 1874. Various propositions were presented from Murfreesboro, Chattanooga, McMinnville, Tullahoma, Jackson, and other points. Protracted debate was had by able representatives from the contesting points, and Jackson was selected as the most suitable place.

The Tennessee Baptist Convention, pursuant to a call, met at Trezevant on the 12th day of August, 1874, W. G. Inman, J. R. Graves, G. A. Lofton, G. W. Griffin, Hon. Dorsey B. Thomas, Tiberius Gracchus Jones, Wm. Shelton, Anson Nelson, John E. Bailey, Hon. H. Y. Riddle,

C. R. Hendrickson, J. F. B. Mays, G. W. Johnson, T. T. Eaton, and Rev. C. C. Conner, being in the number of brethren assembled, when the Board of Trustees, consisting of thirty-five, was created. Dr. T. G. Jones presided over the first meeting of the board, and Hon. Dorsey B. Thomas became its first president. The great seal of the State was fixed to a most liberal charter for this institution on the 25th day of June, 1875.

On January 20, 1890, members of the Executive Committee, and a few friends determined to put a financial agent in the field, themselves assuming responsibility for his salary. Col. J. W. Rosamon, of Gadsden, chosen for this agency, in six months had a showing of about \$30,000 in individual bonds; and on the 5th day of August in the same year the deed was made to the Southwestern Baptist University of the campus and building known prior to 1875 as West Tennessee College. At once the University received fresh impetus forward along the line of progress. During the following November the American Baptist Education Society, in session at New York, set aside \$12,700, \$2,700 of which was to be applied to the payment of the agent's salary, to June 20, 1892. The remaining \$10,000 was a gift conditioned on the raising of \$40,000 additional to the \$30,000 in individual bonds raised by Col. J. W. Rosamon as stated above. The same percentage of the \$10,000 was paid in as that of the \$70,000 in individual promises collected. A movement has been started to endow a Chair of Logic and Moral Philosophy, in honor of Dr. J. R. Graves; and the J. R. Graves Monumental Association was organized June, 1897, with Prof. H. C. Irby, Jackson, Tenn., as Secretary and Treasurer, the only requirement for membership in this Association being a cash contribution to its fund.

The first dormitory was erected in 1895 by the liberality of W. T. Adams, of Corinth, Miss. In 1896 this building was enlarged by the addition of a three-story front.

In 1897 a hall was erected for the accommodation of young ladies, which in consequence of a liberal gift from Mr. J. R. Lovelace, of Martin, Tenn., was called in honor of his son, Everett Lovelace Hall.

The new chapel was commenced in 1897, and occupied in 1899. The movement was inaugurated by Dr. W. D. Powell; and in recognition of his distinguished services as missionary in Mexico, the chapel was called Powell Chapel.

In 1890, Miss Willie Edwards, residing at Shelbyville, Tennessee, made a gift to the endowment fund of Sylvan Mills bonds, which on the market, in the winter of 1901, brought \$810, to which she added \$2,500, thus making the Willie Edwards gift amount to \$3,310.

In 1901-2 the Perry estate came into the possession of this University. With this the Benjamin W. Perry School of Biblical Instruction was established, in memory of Benjamin W. Perry, who at the suggestion of Mr. J. P. Lanier, gave his estate, amounting to \$12,000.00, to the Southwestern Baptist University, requesting that it be used especially in the education of young ministers. Benjamin W. Perry was born Dec. 9th, 1822, and died June 28th, 1901. He had been a consistent member of the Ararat Church for half a century. He and his Christian wife, who preceded him to the better land, lie buried in the church yard where they had worshipped so many years.

GIFT OF PROF. H. C. IRBY.

In the spring of 1905, Prof. H. C. Irby gave to the University, under conditions accepted by the Trustees, \$18,000.00, which, with \$7,000.00 already given, made his gifts amount to \$25,000.00.

OFFER OF THE NATIONAL EDUCATION SOCIETY.

In May, 1905, the above society offered the Trustees \$25,000.00 on permanent endowment, if the friends of the institution would promptly raise \$75,000.00 more. An effort to secure this offer will be made at once. The society will not allow us to count the cash already received, but we can count all payments on notes.

Alumni of Union University.

Class of 1849.

The Academy of the Southwestern Baptist University.

In the absence of high school advantages in the many communities from which our pupils come, an academic department has been established to be known as the Academy of the Southwestern Baptist University.

In the second year the teacher may elect Greek History or Life of Christ; Roman History or Life of Paul.

The course of study which has been compiled after a comparison of the courses offered in some of the leading high schools of the North and of the South requires four years of residence work.

ACADEMY COURSE I.

28 credit points required for admission to the Freshman class.
For the degree of Bachelor of Arts, with Greek.

Group A.

A.—Subjects required: 26 points.

- ✓ 1. Arithmetic, two points.
- ✓ 2. Algebra, four points.
- ✓ 3. English, six points.
- ✓ 4. Geometry, two points.
5. Greek, four points.
6. History (Greek and Roman), two points.
7. Latin, six hours.

Total, twenty-six points.

B.—Subjects optional, two points.

ACADEMY COURSE II.

28 Credit points required for admission to the Freshman class.

For the degree of Bachelor of Arts, without Greek; also for degree of Bachelor of Science.

Group B.

- A. Subjects required: Twenty-eight points.
1. Arithmetic, two points.
 2. Algebra, four points.
 3. English, six points.
 4. Geometry, two points.
 5. History, Greek and Roman, two points.
 6. Latin, six points.
 7. Modern languages: French and German, one year each, or French, two years; or German two years, four points.
 8. Life of Christ, one point.
 9. Life of Paul, one point.
- Total, twenty-eight points.

Plane Geometry 2
Latin 6
English 6
History 4
Greek 12
French 2 y 4
German 2 y 4
Science 2

PREPARATORY OR ACADEMY COURSES.

A., required of all students.

FIRST YEAR.

First Semester.

Arithmetic—Robinson's New Higher.

English—Baskervill & Sewell's Grammar.

United States History.

~~Science—Cutter's Advanced Physics.~~

Latin

Second Semester.

Arithmetic.

English—Curd's Analysis.

United States History.

~~Science—Dryer's Physical Geography.~~

Latin

SECOND YEAR.

First Semester.

Algebra—Hall & Knight's for Beginners.

English—Lockwood. Composition.

Beginning Latin—Harper's Inductive Method.

Greek History (Botsford)—Elective.

Life of Christ—Elective.

Second Semester.

Algebra—Hall & Knight's continued.
 English—Lockwood. Literature.
 Beginning Latin (continued).
 Roman History (Botsford)—Elective.
 Life of Paul—Elective.

Required of all students who are planning to take work leading, in College, to the degree of A. B. or B. S.

THIRD YEAR.**First Semester.**

For A. B. Degree.

Algebra—Hall & Knight's Algebra
 for Schools and Colleges.
 Latin—Caesar.
 Greek—Harper's Inductive Greek
 Method and Hadley's or Good-
 win's Grammar.
 English—Genung's Outlines of
 Rhetoric.

For B. S. Degree or A. B. Without
Greek.

Algebra—Hall & Knight's Algebra
 for Schools and Colleges.
 Latin—Caesar.
 French or German.
 English—Genung's Outlines of
 Rhetoric.

Second Semester.

Algebra—Hall & Knight's Com-
 pleted.
 Latin—Cicero.
 Beginning Greek (continued.)
 English—Quackenbos's Rhetoric.
 Literature.

Algebra—Hall and Knight's Com-
 pleted.
 Latin—Cicero.
 French or German.
 English—Quackenbos's Rhetoric.
 Literature.

FOURTH YEAR.**First Semester.**

Geometry.
 Latin—Virgil.
 Greek—Anabasis.
 Natural Science.

— Geometry.
 Latin—Virgil.
 French or German.
 Physics or Chemistry, with labor-
 atory work.

Second Semester.

Geometry.

Latin—Virgil.

Greek—Memorabilia.

Natural Science.

Geometry.

Latin—Virgil.

French or German.

Physics or Chemistry, with laboratory work.

College.

Courses are offered here leading to the degrees of Bachelor of Arts and Bachelor of Science and Master of Arts. The requirements for admission will be found on page —.

COURSES OF INSTRUCTION.

From the courses offered in the various branches of learning the student is allowed to make his choice under regulations prescribed by the Faculty as follows:

1. The maximum hours a week are eighteen. Students carrying outside work which would tend to interfere with their College work will not be encouraged to register for more than twelve hours if in the College or fifteen if in the Academy.

2. For students in their first year the following schemes are recommended:

(a) For candidates for the degree of Bachelor of Arts.

First Semester: Greek, four hours; Latin, four hours; Mathematics, five hours; English, five hours.

Second Semester: Greek, three hours; Latin, four hours; Mathematics, five hours; English, five hours.

(b) For candidates for the degree of Bachelor of Science:

Both Semesters: Natural Science, five hours; Mathematics, five hours; English, five hours; German or French, three hours.

3. The student will also be subject to the following restrictions:

(a) Before entering on any study, the student must give the professor in charge satisfactory evidence that he is prepared to pursue it with advantage.

(b) The Faculty will require the student to drop a part of his work at any time, if in their opinion he is undertaking too much.

4. The student is urged to make his choice of studies with care and with reference to some plan. The members of the Faculty will be ready to give advice or assistance in this regard at all times.

5. After entering on the regular University work, a student can-

not be admitted to examination in any of the courses offered until he has secured in the University the regular instruction in such course.

6. The Faculty reserve the right to withdraw the offer of any study not chosen by a sufficiently large number.

7. Electives will not be taken before the Sophomore year; in the Junior year only after consultation with the Faculty.

If a student is a candidate for a degree, he must at some time take all the courses prescribed for the degree.

The courses offered for the year 1905-06 are described below. The amount of credit toward graduation assigned to each course is indicated by the expressions one hour, two hours, etc., an hour of credit being given for the satisfactory completion of work equivalent to one exercise a week during one semester, i. e., term of five months.

ENTRANCE REQUIREMENTS.

28 credit points are required for admission to the Freshman class. A "credit point" represents a study carried five hours a week for a semester, the recitation periods being not less than 50 minutes in length. The following groups show the required and optional studies in this academy or preparatory work; groups A and B look to the A. B. degree, while group C is preparatory to the Bachelor of Science degree. It will be observed that the same number of credit points are provided in each group.

For the High School course, shown more in detail, see page 19.

REQUIREMENTS FOR GRADUATION.

I. THE DEGREE OF BACHELOR OF ARTS.

To obtain the recommendation of the Faculty for the degree of Bachelor of Arts, the student must secure **one hundred and forty hours of credit**, in either Group A, or Group B, as shown below. For the degree of B. S., the same number of credits in Group C. One hour represents an hour in the class-room a week during the semester or term of five months. It is equivalent to twenty recitations of one hour's length each.

COLLEGE. I.

For degree of A. B., with Greek.

Group A.

A.—Subjects required: One hundred and four hours.

1. Latin, sixteen hours. — 8 —
 2. Greek, fourteen hours. — 14 —
 3. English, fourteen hours. — — —
 4. Mathematics, twenty hours. — — —
 5. Modern Languages:
 - (a) French or
 - (b) German, ten hours.
 6. Biblical Literature, ten hours.
 7. Philosophy, ten hours.
 8. Natural Science, ten hours.
- Total, one hundred and four hours.
- B., Optional Studies, thirty-six hours.

COLLEGE II.

1. For degree of A. B., without Greek.

Group B.

A.—Subjects required: One hundred thirteen hours.

1. Latin, sixteen hours. 24
 2. English, fourteen hours. 21
 3. Mathematics, twenty-five hours.
 4. Modern Languages:
 - (a) French, one year, ten hours.
 - (b) German, one year, ten hours—twenty hours.

In addition to what was required in the High School.
 5. Biblical Literature, ten hours.
 6. Philosophy, ten hours.
 7. History, eight hours.
 8. Natural Science, ten hours.
- Total, one hundred thirteen hours.
- B., Optional Subjects, twenty-seven hours.

COLLEGE III.

FOR DEGREE OF B. S.

Group C.

A.—Subjects required: One hundred twenty-five hours.

1. English, sixteen hours.

2. Latin, eight hours.
 3. Biblical Literature, ten hours.
 4. Natural Science, forty hours.
 5. Modern Languages: German or French, eight hours.
- Additional to what is required in the High School.
6. Mathematics, twenty-five hours
 7. Philosophy, ten hours.
 8. History, eight hours.
- Total, one hundred twenty-five hours.
- B., Optional Studies, fifteen hours.

EXAMINATIONS.

One week at the close of the first semester in January and one week at the close of the second semester in June will be devoted to written examinations. These examinations, together with the record of his daily recitations, serve to make up the student's standing for a given semester. A grade of seventy-five per cent. is required for promotion or graduation.

1. After the satisfactory completion of a course the student will be admitted to examination.

2. All students are required to attend all examinations in the courses of study which they pursue.

3. If the candidate is successful in the examination he will receive a credit slip from the professor in charge.

4. Any student reported as Passed Conditionally, must remove said condition within one year, or the course passed conditionally will be considered as not passed.

5. Any student reported as Not Passed in any course will receive no credit for the course until he has again pursued it as a regular exercise and has passed the regular examination in the same.

6. Those who complete the course of study required in any school will receive a certificate of the same signed by the professor in charge and by the President of the University.

One week at the close of the first semester in January and one week at the close of the second semester in June will be devoted to written examinations. These examinations together with the record of his daily recitations, serve to make up the student's standing for a given semester. A grade of seventy-five per cent. is required for promotion or graduation.

ADMISSION TO ADVANCED STANDING.

1. A student who brings a certificate of standing from an ap-

proved college or university showing that he has satisfactorily completed certain courses parallel to courses offered in this institution, will be credited at entrance, with any such courses, without examination.

2. Rules relating to advanced standing.

(a) Credits must be secured before the middle of the first semester of the student's residence at the University.

(b) No credit will be given after the time above specified.

HONORS.

The student of the graduating class who shall attain the highest general average in daily recitations and written examinations during the last two years of the collegiate course shall be Valedictorian of the graduating class.

The student who shall attain second place shall be Salutatorian.

DEGREES.

The degrees conferred by the University are as follows:

I. The degree of Bachelor of Science is conferred upon those who have passed satisfactory examinations on the work of the B. S. course.

II. The degree of Bachelor of Arts is conferred upon those who have passed satisfactory examinations on the work of the A. B. course.

III. The degree of Master of Arts is conferred upon those who have completed the work leading to the degree of A. B. and an additional year's work as follows:

1. Required work. Two hours a week, in Metaphysics.

2. Elective work. This must be done in three of the following groups: Classical, English, Mathematical and Scientific.

3. Independent work. In the groups selected by the student, work will be outlined, requiring wide-reading and the preparation of critical papers. Great stress will be laid on this feature of the course.

4. Certificates will be given for the completion of any course signed by the Professor in charge and the President.

The work above outlined, leading from the A. B. to the A. M. degree, requires an additional year's residence at the University.

No degree will be conferred on any student of the University, unless he shall have sustained a good moral character, and made satisfactory settlement with the Treasurer for his fees.

Courses of Instruction.

ENGLISH LANGUAGE AND LITERATURE.

First Semester.

1. Composition and Rhetoric. Baldwin's College Manual of Rhetoric; Carpenter and Brewster's Modern English Prose; Themes; Assigned Reading. References: Genung's Working Principles of Rhetoric; Wendell's English Composition. For Freshmen. Four hours.

3. Literature from Spenser to Milton. Faerie Queene, Book I, Richard II., Henry IV, Henry V, Hamlet, Winter's Tale, and King Lear; Bacon's Essays; Biblical Selections; Paradise Lost; Papers; Reading. References: The books on the Drama by Freytag, Moulton, and Woodbridge; Corson's Primer of English Verse. For Sophomores. Three hours.

5. The Romantic Revival: Poetry of the Eighteenth Century, embracing Thomson, Collins, Gray, Percy's Reliques, Cowper, and Burns; Papers; Reading. References: The volumes on Romanticism by Beers and Phelps. For Juniors. Three hours.

7. The Essay: A study of the masters of English Prose from Lamb to Pater; Papers; Reading. Reference. Lobban's English Essays. For Juniors. Two hours.

9. Poets of the Nineteenth Century. Tennyson and the Brownings; Papers; Reading. References: Brooke's Studies of Browning and Tennyson. For Juniors and Seniors. Three hours.

11. Philology. Bright's Anglo-Saxon Reader; Emerson's History of the English Language; Papers; Reading. References: Skeat's Principles of English Etymology; the writings of Max Muller and Whitney. For Seniors. Two hours.

Second Semester.

2. English Classics. Carlyle's Heroes and Hero Worship; Selections from Tennyson; Ruskin's Sesame and Lilies; Romeo and Juliet; As You Like It; Themes; Reading. References: Gollancz's Introduction to Shakespeare; Abbott's Shakespearian Grammar; Moody and Lovett's History of English Literature. For Freshmen. Four hours.

4. The Pseudo-Classical Decay. Besides a rapid examination of prominent poets Dryden to Johnson, the representative prose of the period will be studied in Prescott's Selections from Swift; Papers; Reading. Reference: Gosse's From Shakespeare to Pope. For Sophomores. Three hours.

Instead of 4 may be substituted a course in the Poets of America.

6. The Romantic Revival: Poetry of the Eighteenth Century from Blake to Keats; Papers; Reading. References as in 5. For Juniors. Three hours.

8. The Development of Prose Fiction. Several short stories and novels will be analyzed and discussed; Papers; Reading. References: The treatises on the Novel by Cross, Perry, and Raleigh. For Juniors and Seniors. Two hours.

10. Poets of the Nineteenth Century. Fitzgerald, Arnold, Clough, the Rossettis, Morris, and Swinburne; Papers; Reading. For Juniors and Seniors. Three hours.

12. Philology. Skeat's Piers Plowman; Corson's Canterbury Tales; Pollard's Chaucer Primer; Papers; Reading. References: Lounsbury's Studies in Chaucer; Sweet's History of Language. For Seniors. Two hours.

FRENCH.

First Semester.

1. Whitney's Grammar. Conversation. Three hours.

3. Corneille: Horace. Hugo: Hernani. Conversation. Poitevin's Grammaire Francaise (Complete).

5. Le Nouveau Testament. Two hours.

Second Semester.

2. Whitney's Grammar. Hugo: La Chute. Conversation and Composition. Three hours.

4. Voltaire: Zadig. Racine: Athalie. Moliere: Le Bourgeois Gentilhomme.

6. Le Vieux Testament—Les Psaumes, par David Martin. Two hours.

GERMAN.

First Semester.

1. Joynes-Meissner German Grammar. Maerchen und Erzaechlungen. Three hours.

3. Schiller: Wilhelm Tell. Two hours.
 5. Bernhardt's Composition. Practice in conversation. One hour.
- Courses 3 to 5 must be taken together.

Second Semester.

2. Continuation of course one. Rapid reading in easy prose. Hewett's German Reader. Three hours.
4. Lessing's Emilia Galotti. Scheffel's Der Trompeter Von Soekken-gen. Two hours.
6. Continuation of course five. One hour.

GREEK.

First Semester.

1. Herodotus: Books VI and VII. Thucydides: Rise of the Athenian Empire. Four hours.
3. Homer: Iliad and Odyssey. Three hours.
5. Studies in Homeric Life and Literature. Two hours.
7. Plato: Apology and Crito. Three hours.
9. New Testament Greek. Three hours.

Second Semester.

2. Lysias: Selected Orations. Demosthenes: On the Crown. Four hours.
4. Aeschylus: Seven Against Thebes. Sophocles: Antigone. Three hours.
6. The Greek Dramatists. Selected plays in English translation. Two hours.
8. Pindar: Selected Odes. Two hours.
10. New Testament Greek. Three hours.

HISTORY.

First Semester.

1. General History (Required of all students). Botsford's History of Greece. Botsford's History of Rome. Papers and discussions. Three hours.
3. American History. Thwaites's Colonies. Collateral reading. Two hours.
5. English History. Terry's History of England. Moran's English Government. Three hours.

7. Political Science. Bryce's American Commonwealth. Woodrow Wilson's The State. Two hours.

9. Church History. Newman's Manual of Church History. (Vol. I.) Five hours.

Second Semester.

2. General History (Required of all Students). Robinson's History of Western Europe. Collateral Reading. Debates and Special Assignments. Three hours.

4. American History. Hart's Formation of the Union. Wilson's Division and Reunion. Collateral Reading. Two hours.

6. The Study of an Epoch. (For 1905-1906 "The Reformation" has been selected.) Three hours.

8. Outlines of Sociology. Small and Vincent's Introduction to the Study of Society. Wright's Practical Sociology. Two hours.

10. Church History: Newman's Manual of Church History. (Vol II.) Five hours.

LATIN.

First Semester.

1. Livy (Books I, XXI, and XXII). Prose Composition. Reading at sight. Four hours a week.

3. Plautus (Captivi, Trinummus or Menaechmi.) Terence (Andria or Phormio). Four hours a week.

5. Pliny (selected letters). Specimens of other Epistolary Latin. Three hours a week.

7. Roman Satire. Horace (Satires I, 10; II, 1, 3 and 5). Persius. Juvenal. Two hours a week.

Second Semester.

2. Horace (selections from Satires, Epistles, Epodes, and Odes). Composition continued. Four hours a week.

4. Cicero (selected letters). Tacitus (Agricola and Germania). Four hours a week.

6. Lyric Poets: Early lyrists, Catullus, Horace (briefly). Three hours a week.

8. Roman Elegiac Poets (selections from Catullus, Tibullus, Propertius, and Ovid). Two hours a week.

HEBREW.

First Semester.

1. Lessons I.—XXV. Harper's Hebrew Method and Manual. Three hours.

3. Ruth. I Samuel. Two hours.
5. I Kings 11:41—II Kings 25:17. Two hours.

Second Semester.

2. Lessons XXVI.—L. Harper's Hebrew Method and Manual. Three hours.
4. Deuteronomy. Jonah. Haggai. Zechariah. Two hours.
6. Selected Psalms. Job. Two hours.

MATHEMATICS.

First Semester.

1. Plane Trigonometry (Well's Complete). Five hours.
3. Plane Surveying (Text announced later). Two hours.
5. Spherical Trigonometry (Wells) and Astronomy (Young's Normal). Three hours.
7. Plane Analytic Geometry (Bailey & Wood). Three hours.
9. Calculus (Murray's Infinitesimal). Five hours.
11. Solid Analytics, or Theory of Equations, or Advanced Integral Calculus. Five hours.

Second Semester.

2. College Algebra (Fisher and Schwatt's Quadratics and Beyond). Five hours.
 4. Plane Surveying. Two hours.
 6. Astronomy (Young). Three hours.
 8. Plane and Solid Analytic Geometry (Bailey & Wood). Three hours.
 10. Calculus (Murray). Five hours.
 12. Differential Equations, or Mechanics. Five hours.
- N. B.—Courses 11 and 12 are designed primarily as elected for Master's degree, though they may be taken as senior work.

NATURAL SCIENCE.

First Semester.

1. Physiology. Three hours. Recitations and laboratory work.
3. Zoology (Walter, Whitney, Lucas.) Comparative Zoology. Three hours. Recitations and laboratory work.
5. Botany (Pepon, Mitchell, Maxwell). Three hours. Recitation and laboratory work.

17. General Biology. Five hours. Recitation and laboratory work.
7. Physics (Olmstead). Mechanics. Three hours.
9. Physics. Optics. Heat. Two hours.
11. Modern Chemistry (Peters). Two hours. Laboratory work.
13. Organic Chemistry (Storer and Lindsay). Two hours.
15. Qualitative Analysis (McGregory). Two hours.

Second Semester.

2. Continuation of course one. Three hours.
4. Continuation of course three. Three hours.
6. Continuation of course five. Three hours.
18. Geology (Dana). Three hours.
8. Physics: Magnetism, Electricity. Two hours.
Three hours, laboratory work.
10. Physics. Magnetism, Electricity. Two hours.
12. Continuation of course eleven. Two hours. Laboratory work, two hours.
14. Continuation of course thirteen. Two hours.
16. Continuation of course fifteen. Two hours.

PHILOSOPHY.

First Semester.

1. Metaphysics (Hamilton). Three hours.
3. Moral Science (Robinson). Two hours.

Second Semester.

2. Political Economy (Fetter). Three hours.
4. Logic (Hill-Jevons). Two hours.

SPANISH.

First Semester.

1. Robertson's Spanish Grammar. Worman's Reader. Daily conversation. Three hours.

Second Semester.

2. Alarcon's El Capitan Veneno and Valde's Jose. Three hours.

School of Business.

H. C. Jameson,

Principal Commercial Dept.

C. A. Derryberry,

Principal Stenographic Dept.

During the year now closing, this department has enjoyed the largest patronage in its history; and by the aid of our many stalwart friends, we confidently expect to make the next still larger.

We have added a practical feature with each course, and the student fully completing the course finds himself equipped for effective practical office work.

Our long experience in this line of work and the close study given it, enables us to more fully prepare the young man or woman for the requirements of the day; and we can more readily meet the requirements of the commercial world, and in any department of business, for thoroughly qualified help.

Just how much our work is appreciated by the business public is evidenced by the fact that we have had more calls this year for our graduates than we have had students enrolled. We are hoping to increase our attendance another year so we can fill every call made upon us.

It seems too bad that we must turn away from our doors those who want young people to assist in some of the most pleasant and profitable lines of commerce, and especially so, when there are so many young people longing to do something and to be something.

It is within our power to aid you, and it is within your reach to have our assistance. We shall gladly aid you, and if you will write us fully the particulars in your individual case, we will suggest the means.

We publish an extensive catalogue, giving outline of courses and prices in detail. Upon request we shall gladly forward you a copy.

Some Advantages.

These are some of the special advantages to be obtained at the Southwestern Baptist University.

1. The faculty is composed of teachers from the best colleges and

universities of our country, and each is experienced in his department.

2. The University is free from any debt, and is making needed improvements in buildings, apparatus and furnishings.

3. Special attention and stress is directed towards Christian training of students in manner, mind and heart. The work of each day begins with religious services, which all students are required to attend.

4. The buildings of the institution are large, conveniently arranged, and well furnished and excellently managed.

5. We believe that students will find no institution that offers superior advantages, as compared with the actual expense here.

6. The city is the educational centre of West Tennessee, and is making wonderful improvement and progress in commercial ways, along with its social, religious and moral development.

7. We have excellent societies which have their own society halls—the Calliopean, Palladian and Appollonian. In all of these exercises the members are required to participate, and the faculty regards these societies as one of the most essential and wholesome features of the institution. For further particulars concerning them see page 6

Address your correspondence to,

SCHOOL OF BUSINESS,
Jackson, Tennessee.

Military Department.

After considering the many advantages that students obtain from military discipline it has been decided to add a military department to our University.

The War Department of the United States has furnished us with a detailed United States Army officer as our Commandant.

This does not mean that our boys and young men enlist for service in the United States Army, but it means that they will get the very best training in this kind of discipline from one who is thoroughly competent and experienced in teaching in secular schools and colleges. We are to be congratulated upon this acquisition to our many advantages; for this exercise and training will be very helpful to students, and will be conducive to their health and development of their body, and will train them greatly in method, promptness, neatness, order and efficiency.

All young men under the Junior year will be required to take this instruction and will be given some credit toward graduation.

Conservatory of Music.

RUDOLPH RICHTER, DIRECTOR.

COURSE IN PIANO.

First Grade.—Loeschhorn, Op. 84 and Op. 65. Easiest Sonatinas by Clementi and Kuhlau. Instructive and pleasing pieces and duets by the best composers. Preparatory technical exercises compiled by R. Richter.

Second Grade.—Sonatinas and Rondos by Clementi, Kuhlau, Steibelt, Dusseck, Hadyn, Mozart and Beethoven. Technical exercises of more complicated nature, to be transposed through all keys. Scales in thirds and sixths in contrary motion and with different accents. Czerny Op. 299. Suitable pieces.

Third Grade.—Cramer, Selected Studies. Gradus ad Parnassum (Clementi-Tausig). Czerny, Op. 740. Heller Studies, Op. 47. Two and Three-part inventions by Bach. Sonatas by Haydn, Mozart, and two or three of the easier sonatas by Beethoven. Mendelssohn's "Songs Without Words." Sonatas and Rondos by Hummel. Doering's Octave Studies. Mertke's Technical Studies. Suitable pieces.

Fourth Grades.—Gradus ad Parnassum. (Cementi-Tausig). Fugues and Fugettas by Bach. Selections from Chopin's Preludes. Mazurkas, Valses and Nocturnes. Kullak's Octave Studies. Jensen Studies. Op. 32. Heller Studies. Op. 46, Book II. Sonatas by Beethoven and pieces suitable. Mertke's Technical Studies.

Fifth and Sixth Grade—Selected Studies by Mendelssohn, Moscheles, Raff, Henselt, and Chopin. Selections from Bach's Well-tempered Clavichord. Schumann's Symphonic Studies. Beethoven's Concertos and Sonatas. Hummel's and Mendelssohn's Concertos and Fantasias.

A certificate will be granted to those who wish it after having completed the third grade with a percentage not lower than 95 per cent and one term of Harmony.

Pupils will receive a certificate of proficiency after having completed the fourth grade and one year in Harmony. Those having finished the fifth and the second year in Harmony and Theory of Music will be awarded a diploma of graduation. The fee for certificate or diploma will be five dollars.

One year's experience in teaching under the direct supervision of the Director is absolutely demanded before granting a diploma or certificate of proficiency.

VOCAL MUSIC.

The work of this department will be systematic, the aim being to make definite progress by requiring a certain amount of work to be accomplished at each lesson. The studies consist in sight-singing; Italian; Vaccai's Practical Italian Method; Seiber's Thirty-six Exercises; Abt's Scales Concone's Twenty-five, Thirty and Fifty Exercises. Voice placing; the conversational as a basis of the singing tone; deep, natural breathing for resonance and expression; and the rational interpretation of simple songs, high-class ballads, and the German lieder. The advanced pupils will spend their time in perfecting their voice placing, breathing, resonance and tone color, using the exercises of Bordogni, Marchesi, etc., studying the best dramatic songs and arias from the oratorio and opera, all the while aiming at a truly artistic interpretation.

When this course has been successfully completed, the student receives a diploma.

A choral class will be organized each term and all music students, whether vocal or instrumental, and all persons who have any interest whatever in music, are urged to take part in it.

School of Oratory, Expression and Physical Culture.

Catalogue of the Southwestern Baptist University.

COURSE OF INSTRUCTION

Junior.

First Year.—Physical Culture. Vocal Physiology and Acoustics. Evolution of Expression. English Literature.

Senior.

Second Year.—Psycho-Vox. Oratory. Philosophy and Psychology of Expression, Perfective Laws of Art. Shakespearean Interpretation.

Health, Expression and Personal Magnetism.

"Vitality is as precious in the sight of God as intelligence."

Expression.

To establish harmony between the mind and body. Mental gymnastics based on psycho-physical laws.

Oratory combines all arts and sciences. It is the music of speech, the painting of thought and the sculpture of form. Its roots are in the soil of physiology and its branches in the realm of psychology. It embraces all "ologies" and "isms," unfolding to one the marvelous powers of personal magnetism, without which one will never reach his highest capabilities, no matter what vocation in life is chosen.

Oratory gives strength, freedom and control to the physical, mental and spiritual natures of men, blending all into one harmonious whole. It means the surrender of the muscular sense to the mental—the control of mind over matter. All reading and muscular motion (gesture) are effects of the one great cause—Thought. We know thought to be a living force, a psychic energy, having a magnet-like power of attraction, and the mental attitude determines everything for us. The inability to realize one's power and understand one's self will make one a failure, a victim of lost opportunities. The majority know what to think, the minority know how to think. A course of Oratory teaches one to conserve his nerve force and reach the tranquility which is the highest activity. It teaches one how to think in form and color and to picture the thought into the minds of others. It teaches one how to sound the depths of his psychic nature and to influence the souls of others.

Lawyers and ministers, especially, appreciate this course. The standard of speech is now so high that no one can afford to stand before the public with a shambling gait a confused voice and a shaking body. The body should be like the light, which reveals everything but itself. All twentieth century thought is toward the symmetrical development of the human being; for the science of the human self is one with which we must all deal. The system of exercises used is the same as that of Emerson College, Boston; and its purpose is the maximum of result with a minimum of effort.

Classes in the development of health, freedom, form, composure, personal magnetism, and the interpretation of the masters in speech and literature.

Mrs. Hobson is a graduate of the New York Chautauqua, under Prof. Clark and Mrs. Bishop of the Chicago University, also of the Emerson system, as taught in the college of oratory at Boston. She has studied all the various methods of her work and especially in Physical Culture development, and combines in her teaching the best points of all the different systems. Her voice work is built upon the hygienic and aesthetic laws of being and embodies the idea that voice is a life giver or a death dealer according to the way it is used.

Tuition, per term, \$30.00.

MRS. ELIZABETH HOBSON, Director.

General Information.

The formal opening of the session of 1905-06 will be Wednesday September 6th. The President will be in his office Monday and Tuesday, preceding, for the purpose of advising new students and classing them, with the assistance of respective professors. It is best to come and be classed, and get books and make settlements the first day. Parents should not furnish their children with much spending money, not more than 25 or 50 cents per week. It is best for all remittances to be made direct to Mr. I. B. Tigrett, Treasurer, S. W. B. U., Jackson, Tenn. Students should not keep money on their person, but make deposit, promptly, with Mr. I. B. Tigrett, or one of the banks of the city.

The young men will be required to board in W. T. Adams Hall, and will not be permitted to board in town unless by special permission of the faculty, scholarship and the public good demanding it. The young ladies even more strictly will be required to board in Everett Lovelace Hall.

LOCATION.

The Southwestern Baptist University is located at Jackson, Tennessee, reached from all quarters by three great lines of railway, the Mobile & Ohio, the Illinois Central and the Nashville, Chattanooga & St. Louis Railway. On the Mobile & Ohio it is nearly midway between St. Louis and Mobile; on the Illinois Central, it is midway between Chicago and New Orleans; and on the N. C. & St. L. Ry., nearly midway between Nashville and Memphis, the gateway to the West. It is easy to see that Jackson has excellent transportation facilities.

It is no doubt true that no other city is furnished by its water-works with water so pure and so good as the water-works of Jackson bring to the doors of all its people. Analysis made of this water in the city of Boston showed the water to be quite as pure as distilled water. An artesian well has been made at the foot of Royal street which flows 600,000 gallons a day; it pumps 1,000,000. This water has some iron and sulphur in it. Hundreds and sometimes thousands visit this well every suitable day. Its value as a source of health is becoming generally recognized. A large amount of money is being expended by the city in beautifying its grounds, which include Lancaster Park. This well, with its grounds, is free. The

water supply now is 4,000,000 gallons a day. In view of this wonderful water supply and the complete system of sanitary sewerage, which has never gotten out of fix, and which connects with Forked Deer river, we may readily believe the newspaper report that Jackson has a lower death rate than any other city of its size in the United States.

This is a wide-awake, progressive city. Between 1890 and 1900, according to the census reports, the population increased over 55 per cent., although in that time the corporate limits were contracted, leaving out many who were enumerated in 1890. The population now is commonly thought to be 20,000. There are thirteen white churches, four of them being Baptist. One of the first considerations of what the community offers is that of Sunday School, church, and prayer-meeting privileges. This city has two daily papers, three secular weeklies and two religious weeklies. Supreme Court for the Western Division and the Circuit and District Federal Courts are located here. The city has all modern conveniences, such as electric lights, electric cars, graveled streets, the Carnegie Library on College street, only three blocks away; with attractions such as Lake Alexander, Court Square, Highland Park, and miles of paved walks in front of elegant houses and factories and stores. Not a more cultured and moral class of citizens can be found elsewhere. Jackson is truly an agreeable place for residence. Three hundred thousand dollars is being expended in graveling the public roads coming into Jackson. These roads for their perfection and beauty have acquired a national reputation.

GENERAL REGULATIONS.

Students in the collegiate classes may study in their rooms, and report to their professors for lectures at appointed hours, according to the schedule fixed at the beginning of the session. When too great a portion of vacant divisions would be consumed in thus passing back and forth, at their own wish or at the direction of the President, seats in the study hall will be assigned them, at which they will be found regularly. Visiting in the city during study hours or at night is prohibited as disorder; and every such disorder that comes to the knowledge of the Faculty will be punished.

A record is kept of recitations and absences, excused or unexcused. This record, with that of the written examinations, makes the student's standing, which is sent to his parent or guardian, if desired. We shall take pleasure, at any time during the session, in answering to parents

and guardians any questions relating to the deportment and progress of their children or wards.

No student will be retained if found to be of vicious habits, or if his presence is detrimental to the good order and welfare of the school.

A general aim in all the class rooms is to gain, on the part of the student, independence of thought, diligence in investigation, and elegance and force of diction, and a noble character.

In cases of withdrawal from school the written request of a parent or guardian is required.

BOARDING.

W. T. Adams Hall.

By the liberality of W. T. Adams, Corinth, Mississippi, the hall that bears his name was erected in the summer of 1895; to which an addition was made the following year. The building is brick, consists of seventy-five rooms and was constructed for comfort and convenience.

How Furnished.—A table, chairs, plain wardrobe, washstand, bowl and pitcher, bed with woven wire springs, an all cotton mattress, feather pillows, steam heat and electric lights. More than a thousand dollars has been expended this year in putting lavatories, closets, bath-rooms, hot and cold water on all floors. Much new furniture has been added.

What Students Furnish.—Bed wear, pillow cases, towels, napkins and any other conveniences they may wish to add.

Fare.—The tables will be supplied with the best grades of the various commodities, and with as good variety as the average family has. Dessert every day.

All young men who take boarding in W. T. Adams Hall hereby agree to abide by the regulations of the house, looking to quietness and good order. No young man of vicious character or who persists in rude and boisterous conduct will be allowed to remain in the Hall. A strict but kind surveillance will be used to insure good order and the comfort and welfare of the occupants. When a young man ceases to be a student in the University he forfeits his claim to room and board in Adams Hall. Young men will not be allowed to room in Adams Hall and take their meals elsewhere.

Advantages.—Only two students occupy a room. No one is to make money by boarding pupils here; the inmates pay only expenses of living—actual cost. Best students of the University board in Adams

Hall, and daily association with them and others, who are soon to be leaders in the world, and scattered over the earth, will prove advantageous in the years to come. Students do not enjoy the help and watchful care in private families that they have in the Hall; the Hall is the proper place for them. We may have a French table, a German table, and a Spanish table in the dining room, with a leader at each, where students of these languages may have the advantages of improving thereby.

What to Pay for Board and When.—At the end of each month the sum of expenses (including cost of provisions and service) is prorated among the occupants. On entrance a deposit of \$10 will have to be made. Thereafter, at the beginning of each month (calendar month) only enough will have to be paid to keep the deposit up to \$10. But where the parent, guardian, or pupil, finds it more convenient, a stipulated sum may be paid in advance, and the balance, if there should be a balance, either way, can be brought in settlement at the end of the five months' term, January and June. Deductions will be made for time out of five or more consecutive days—not for less. It certainly is preferable to the chance of saving a few dollars, the fixed rate of \$45.00, per term of five months, may be had, one-half payable in advance and the other half at the middle of the term of five months.

Room Rent.—All rooms in the older portion of the building—the L part of the building—rent at \$5.00 per term of five months for each student. Different prices for the front three-story portion of the buildings according to the desirability of the room—\$7.50, \$8.75 and \$10.00, per term of five months each student. These rates were fixed by the Board of Trustees in their annual meeting; and a committee was appointed to determine which rooms should be fixed respectively at these rates. Where parents and pupils prefer a room alone, the occupant will pay double the above rate. The rental fee is payable in advance and is not to be refunded in case of voluntary withdrawal.

When to Secure a Room and How.—Former students who wish to retain their old room should speak for it before the middle of August, and forward the rental fee by September 1st. Application and payment must, every time, be made to I. B. Tigrett, Jackson, Tenn., the University's Treasurer. Remember that the rental fees go to Mr. Tigrett, but the money for board to the manager of Adams Hall. No one can claim a room until he has paid the rental fee for the same, and has a receipt with the number of the room written in the receipt.

EVERETT LOVELACE HALL.

This is an ideal home created for young women in attendance; it was built and furnished with a view to their comfort and security. It is only a few yards away from the College building. The house is three stories high, with thirty-two rooms, finely ventilated; large halls and parlors. Each floor is supplied with closets, bath rooms and lavatories, hot and cold water, and electric lights throughout the building. About thirty-five hundred dollars have been expended for heating and ventilating plant. The home life and government in this Hall is parental in its character, yet decided and firm. The regulations involve such restrictions only as are necessary to secure correct deportment, the formation of good habits and polite manners, a just appropriation of the hours of each day, and the attainment of high, moral and virtuous principles. Once a month a reception is given in the parlors if privileges are not forfeited; but until the next reception no young man, not even a cousin, is allowed to cross the threshold. The occupants furnish their toilet articles, pillows, pillow cases, quilts, blankets, towels and table napkins. From experience we are convinced of the great benefits to be secured by the adoption of a uniform dress for young ladies who board in the Hall. It not only promotes convenience and economy, but has a tendency to suppress feelings of pride and rivalry in the matter of personal adornment. For this reason and to prevent extravagance and promote economy, the boarding pupils will be required when they appear in public to adopt the following uniform:

For winter: A navy blue wool dress and Oxford cap. For spring: A navy blue skirt and white shirt waist. The Oxford cap will be furnished in Jackson so as to save expense and be uniform.

All pupils must wear this uniform. Winter uniforms should be provided when the pupil enters in September.

At the end of each month, the expense for provisions and service is prorated among the boarders. On entrance a deposit of \$10.00 will be made. Thereafter, at the beginning of each month, only enough will have to be made to keep this deposit up to \$10.00.

The rental fee for the entire term of five months is, for rooms with 3 windows, \$12.50 per student; for rooms with 2 windows, \$11.25; for rooms with 1 window, \$10.00, which is equivalent to \$2.50, \$2.25 and \$2.00 per month.

LIBRARY.

The reading room and library are combined under the manage-

ment of one appointed by the President. It should be understood that we are starting to bring this feature to a point commensurate with our needs; and no efforts will be relaxed to build it up. To this end contributions, small or great, from one volume to libraries, are earnestly solicited, and besides general literature, poetry and standard fiction, books of reference, dictionaries, encyclopedias, etc., are especially desired. Will not all of our friends, particularly our churches, make it a part of their beneficence to help in this endeavor? Money is needed for purchasing good, helpful books.

The literary societies have placed their private libraries in the general college library. The entire library has been re-arranged and classed and numbered. The magazines that have been coming to the reading room for the past ten years, have been separately bound in book form.

The young gentlemen of the University will also have free access to the Carnegie library, located on College street, in three blocks of the campus. The young ladies of the University will be given access to that library, when conducted by some teacher of the institution.

Religious Culture.

In connection with the discipline and culture of the intellect, it is the purpose of the University to inculcate a pure morality and the great fundamental truths of the Christian religion. The public exercises each day are opened with the reading of the Scriptures, with singing and prayer. These constitute chapel exercises, which are often made further profitable by talks on suitable subjects by visitors, teachers, or students. Attendance on these exercises is compulsory. On Sabbath morning the students of the University are required to attend church and Sunday School; the young men, the church of their choice, but regularly; the young women in a body, the First Baptist church. Occasionally they may go elsewhere, when conducted by the governess, or lady teacher. Additional advantages for religious culture are offered in the weekly prayer meetings in the boarding halls, the mid-week church prayer meeting, the weekly meeting of the J. R. G. Society of Religious Inquiry, the monthly Missionary Society, the after-tea mission class, and the Y. W. C. A.

Literary Societies.

There are three literary societies connected with the University; the "Calliopean," the "Apollonian," and the "Palladian." The last is for young ladies. These societies have halls, handsomely fitted up, in which they hold weekly meetings for improvement in debate, declamation, composition and criticism, and for the study of parliamentary law. The students of the University are encouraged to connect themselves with one of these societies, and thus early in life learn to argue connectedly upon any subject brought to their attention. These societies all have had a prosperous year.

The University Library is open to all students, and now contains all the libraries formerly owned by the literary societies.

Prizes.

I.—The Strickland Medal.

This medal was established by Chas. H. Strickland, D. D., and is given to the graduate who delivers the best oration.

II.—The H. L. Winburn Medal.

This medal was established by Rev. H. L. Winburn, pastor of the First Baptist Church, Arkadelphia, Ark., for the purpose of giving the same encouragement to the young women of the graduating class that the Chas. H. Strickland medal gives the young men.

III.—The Joseph H. Eaton Medal for Elocution.

This medal was founded by T. T. Eaton, D. D., LL. D., Louisville, Ky., in honor of his father, the founder of Union University, and for many years its honored president. It is awarded for the highest proficiency in elocution and oratory, as manifested in the annual contest.

IV.—The J. R. Graves Award.

W. C. Graves, Memphis, Tennessee, annually awards a prize in honor of his father, for the best essay written by some member of the J. R. G. Society of Religious Inquiry, upon some assigned topic.

V.—The Calliopean Medals.

The Calliopean Literary Society offers three medals: The first, the "T. W. Young Medal," given to the representative of this society that shall make the best effort in the annual celebration at the close of the session; the second, to the best debater; the third, to the one making the greatest improvement. The decision for the last two is made by the Society itself.

VI.—Apollonian Medals.

These medals are awarded by the Apollonian Literary Society. One is given to the best debater. Another, to the member who has made the greatest improvement during the session. The third, the "Dr. A. H. Young Medal," founded by Prof. C. S. Young in honor of his father in 1901, is given to the representative of the Apollonian Society who shall deliver the best oration at the annual celebration, the decision, in this instance, being made by the judges selected for the occasion.

VII.—The J. D. Adcock Medal.

This medal is given to the representative of the Palladian Society who shall make the best effort at the annual celebration at the close of the year.

VIII.—The Eatonian Medal.

Beginning with 1905 a medal will be awarded each year by the Board of Editors, for the best original story to the current volume of the college magazine, The Eatonian. The contest will close with the April number, and the award will be formally announced during commencement.

BENEFICIARIES.

Students of all denominations, having the gospel ministry in view, when properly recommended by their churches, and having license, from the same to preach the gospel, are admitted free of charge for tuition. Assistance in paying for their board is extended, in certain instances, to young men who have the ministry in view, and who are approved by the Board of Ministerial Education, located in Jackson. Those desiring such assistance should correspond with the President. Ministers' children pay half rates.

Students of all denominations, having the gospel ministry in view,

when properly recommended by their churches and when they have licenses from the same to preach the gospel, are admitted free of charge for tuition. Assistance in paying for their board is extended, in certain instances, to young men who have the ministry in view, and who are approved by the Board of Ministerial Education, located at Jackson. Those desiring such assistance should correspond with Dr. G. S. Williams, Jackson, Tenn. Ministers' children pay half rates.

Expenses.

College Fees.

In High School, matriculation fee included	\$25 00
In College, matriculation fee included	30 00
Ministerial students, matriculation fee included	10 00
Children of ministers in High School, matriculation fee included	12 50
Children of ministers in College, matriculation fee included....	15 00
Music.—Piano, violin or organ	25 00
Music.—Vocal	25 00
Harmony, for the year	15 00
School of Expression	25 00
School of Art	20 00
Piano for practice, one practice period, one and a half hours daily	5 00

Pupils wishing more time for practice on piano will be charged additional at same rate. Sheet music furnished pupils at actual cost.

Washing and books at customary rates.

All students pay once, and only once, the matriculation fee, \$5.00, per semester, which is not to be refunded and is the same whether at early or late entrance.

Where two students come from the same family, the second gets reduction of 5 per cent., on tuition; where three, the third gets reduction of 10 per cent., on tuition; four, the fourth gets 15 per cent. reduction. Where the course is doubled, that is, where one takes, for example, both music and literary studies, 5 per cent reduction from literary tuition will be given; or double course in music, 5 per cent. off one course.

The payment of college fees must be made in advance, and no refunding of them will be made except on occasion of absence enforced by protracted sickness or expulsion. In case of sickness protracted three weeks or longer, deduction from tuition will be made for the time out for that sickness. When withdrawal is enforced by reason

of vicious habits, the refunding of tuition for unexpired term is wholly at the option of the Executive Board. The rental fee is regulated just as the tuition fee. The regulations more fully given concerning payment of fees and rebates is found under the head of General Regulations on page 39, but for convenience is repeated here. Students entering at any time are required to pay in advance a matriculation fee of \$5.00, and tuition from week of entrance to close of term; and no refunding of fees will be allowed for voluntary withdrawal. In no case will the matriculation fee be refunded.

Upon settlement with the treasurer for fees as above, he will give a matriculation card, which the teacher is required to see before enrolling the pupil in his class. There are so many of us now that the strict enforcement of this requirement is necessary.

Recapitulation—Summary.

Suppose a young man in collegiate course wishes to know the estimate of what it will cost him for one semester, and selects a \$5.00 room. His exhibit of expenses will be as follows:

College fees, matriculation fee included	\$30 00
Room rent	5 00
Board, light, heat, etc., say	45 00
Washing	5 00
<hr/>	
Total	\$85 00

If he should be in the University Academy, the estimate will be \$5.00 less than above. There is a striking probability that in both instances the estimate will be \$5.00 still lower.

Matriculates.

For 1904-1905.
